## EDUCATION

---

- Pursuing a Bachelor's degree in Computer Science Engineering from SRM University, Chennai, with a CGPA of 8.6 on 10 after the seventh semester – graduation expected in June, 2014.
- Honours include reaching the finals of National Cyber Olympiad (2008) with a national rank of 120, Silver medal at International Informatics Olympiad (2007), and a Gold medal with an overall rank of 14 at Global Science Talent Probe (2003).

## WORK EXPERIENCE

---

**Firefox** by Mozilla – Mountain View, California, USA

*// Worked remotely*

**Intern, Google Summer of Code** – May, 2013 to September, 2013

**Statistical Dashboard for Memory Consumption Data** using JavaScript, HTML, CSS

Developed a dashboard to measure and visualize the browser's resource consumption statistics. It serves as a web development tool as well as being an information portal for the average user.

**Shufflr** by Althea Systems -- Bangalore, Karnataka, India

**Intern, Platform Development** – November, 2012 to January, 2013

**Data Visualization and Analysis** using Ruby, Node.js, Bash

Built an automated data collection and visualization platform that helped in identifying performance bottlenecks of the system and streamlining of work for better efficiency and results.

**Digit** by 9 Dot 9 Media -- Mumbai, Maharashtra, India

**Intern, Tech Journalism** – June, 2012

**Automate Everything (Digit: July, 2012 Issue)**

Partnered the editorial team in their day-to-day work for the month. Undertaken tasks included article writing, general content revision, and occasional blogging.

## SKILL AND INTEREST PROFILE

---

- Notable experience in multiple languages such as C/C++, Java, Python, Ruby, and JavaScript; Git version control; the UNIX/Linux environment.
- Good command over multiple fields in Computer Science, namely Algorithms, Data Structures, Computational Theory and Logic; and in Mathematics, including Probability, Calculus and Algebra. Harbours a growing interest in Artificial Intelligence and Computational Statistics.
- A regular consumer of online courses across numerous educational domains.
- An astute orator, an avid reader and a regular writer. A keen participant in various writing and debating meets/competitions at school and college level.
